Attachments: FS General Comments for Port - November 24 Meeting.pdf

Rich –

Thank you for your FS comments. Note that we have provided initial high-level comments on the FS to facilitate the Port of Portland's ongoing planning for an upland hot spot removal action starting in March 2015. A copy of the comments are attached to this email. The proposed 2015 removal is well away from the bankline and will not have any impact on the river. We hope to have our formal comments completed in approximately 3 week for the Port, and will of course consider your comments.

Please call if you have questions.

Dan Hafley

Subject: EPA Comments Letter on Willamette Cove

Dan

Hi. Please find attached an electronic copy of the EPA comments letter for the FS and Design Report etal documents for the Willamette Cove project. A signed hardcopy will follow by mail for the DEQ files.

THANKS!

Rich
